

QUALITY AND ENVIRONMENT POLICY

The Management of ALMACENES DE REGISTROS PARA LA CONSTRUCCIÓN, S.L., as a fundamental part of its General Policy, defines, assumes and communicates the content of its Quality and Environment Policy, in order to transmit to all levels and interested parties its position in relation to the quality of its services, the protection of the environment and the prevention of pollution.

This policy, which is public in the organization, and is available to any interested party, is based on a line of action based on the continuous improvement of quality, environmental sustainability, the correct allocation of responsibilities and the achievement of the following strategic objectives:

- Always satisfy the needs and expectations of the client.
- Ensure the participation of all staff in the Integrated Management System and communication between all departments of the organization.
- Comply with the legal and regulatory requirements associated with our activity, including other requirements that the organization may subscribe to with clients or other interested parties.
- Ensure compliance with objectives and goals proposed by the organization.
- Perform a permanent follow-up to the satisfaction of our clients.
- Provide the company with the technical and human resources to ensure the quality and reliability of our products and services at competitive costs.
- Carry out the realization of our work with the least possible environmental impact and with the least risk to the safety and health of our workers.
- Integrate ethical principles and social responsibility with all stakeholders (internal and external) into our management.
- Comply with the Laws against money laundering, as well as compliance with any Anti-Corruption Law in the field of work.
- Promote and carry out management based on principles of gender equality and non-discrimination on the basis of race or ethnicity, nationality, socio-economic status, language, ideology, religion or belief, trade union, sex, sexual orientation, disability, marital status, age, filiation or personal appearance.

To ensure compliance with the aforementioned objectives and our continuous improvement, the Management of ALMACENES DE REGISTROS PARA LA CONSTRUCCIÓN, S.L. contemplates the performance of internal audits, the holding of meetings around the evolution of the Integrated Management System and the established objectives, and the permanent monitoring to the satisfaction of the interested parties, thus ensuring compliance with the objectives and effectiveness of the established Integrated Management System.

The organization of ALMACENES DE REGISTROS PARA LA CONSTRUCCIÓN, S.L. is structured to ensure the achievement of the objectives described in this Management Policy, the proper assignment of responsibilities and compliance with the requirements of the applicable regulations
